Hi Robin,

I will be at Tony's place. The phone number of the conference room is +41 32 888 56 43.

Best regards, Jean-Marc

<< File: Topics or Experiments That Provide Information rev_.doc >>

Hi-

The attachment comes to us courtesy of brainstorming by Steve and Bob. I think it provides an interesting perspective and propose that we plan on using it to guide discussion as we proceed. Please review and we'll talk more on Monday. I assume Richmond members will all be able to congregare in T2, and we'll call Tony and Jean-Marc. But I need the number-will you be going up to Tony's place, Jean-Marc? Can you call and get the conference room phone number and send it to me? Tony's here this week, but I don't know if he knows the number!

Remember: Monday, February 6, at 9:00 EST!

—Robin
